MATRIX

STORAGE SYSTEM

Matrix, a system to create divided spaces whilst maintaining an open plan feel.

More than just storage...

This flexible range can act as a room divider or just a simple storage solution with a range of accessories to customise or incorporate biophilic design into an area without compromising on functionality.

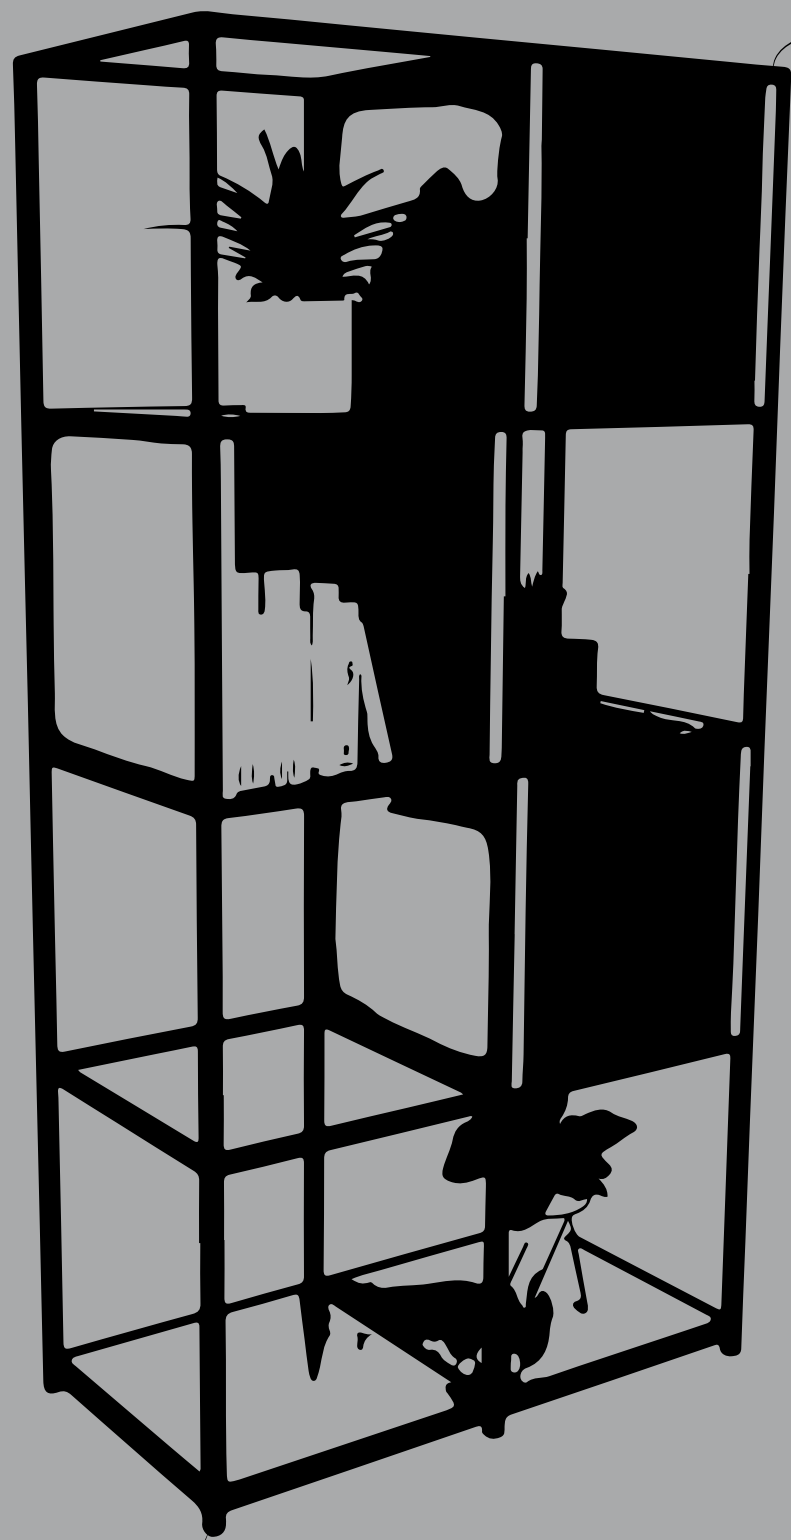

But Matrix doesn't stop there...

Matrix has a range of tables for a multitude of applications. From breakout tables, flexible meeting spaces, coffee tables & much more.

To complete the range, complementing seating can be paired or used in its own right giving a stylish industrial appearance.

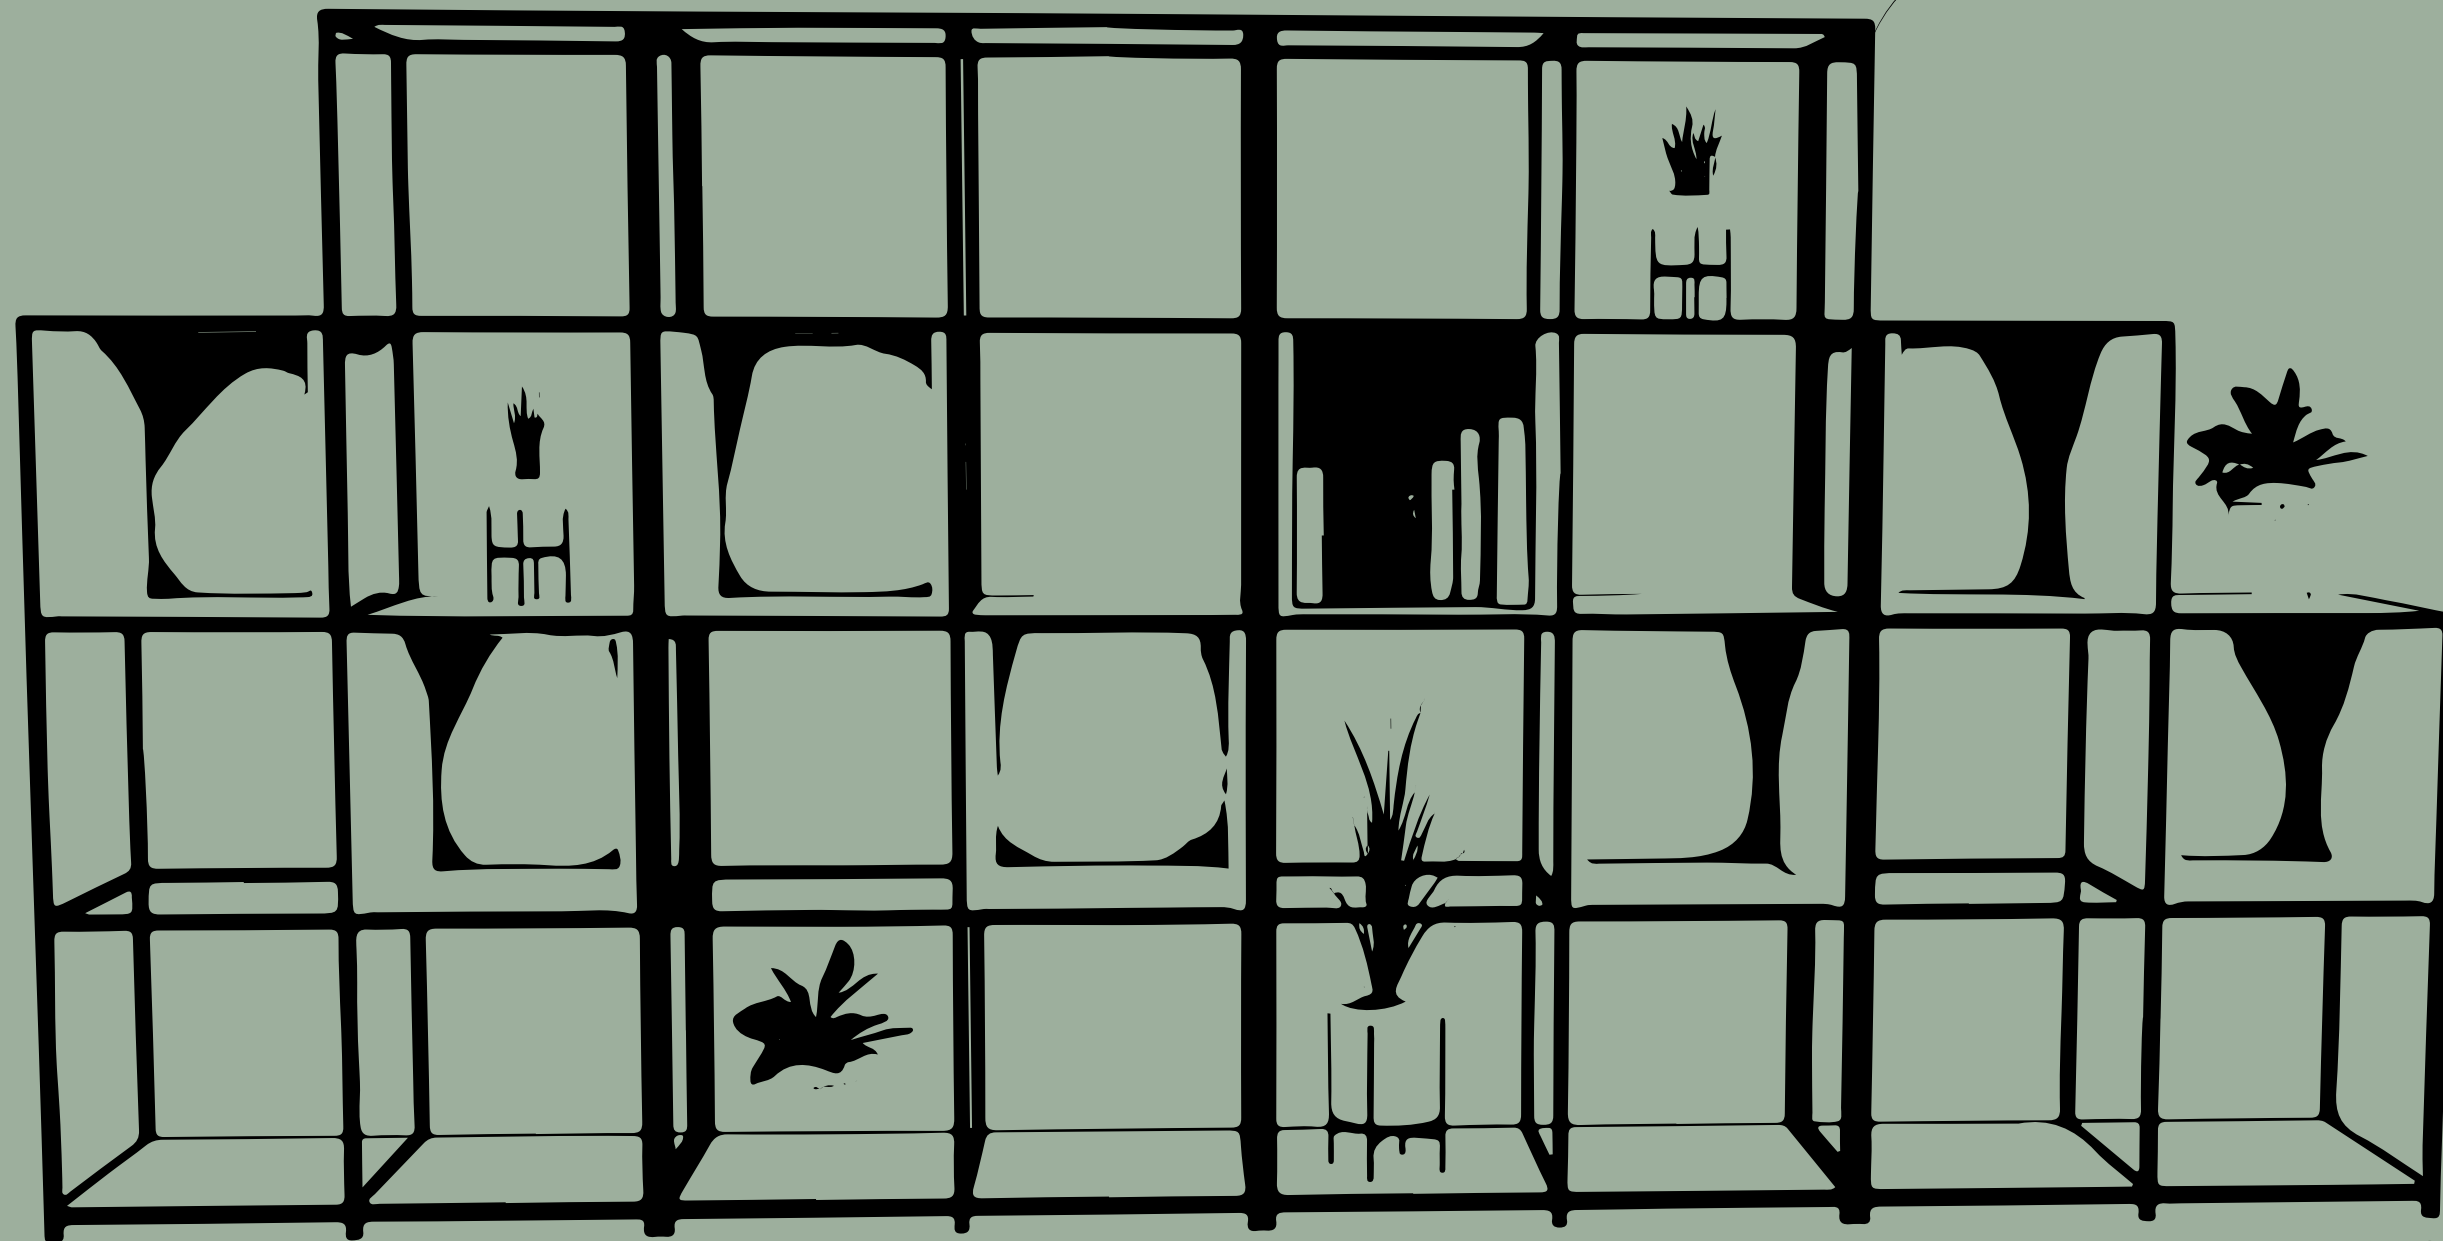

The combinations are endless!

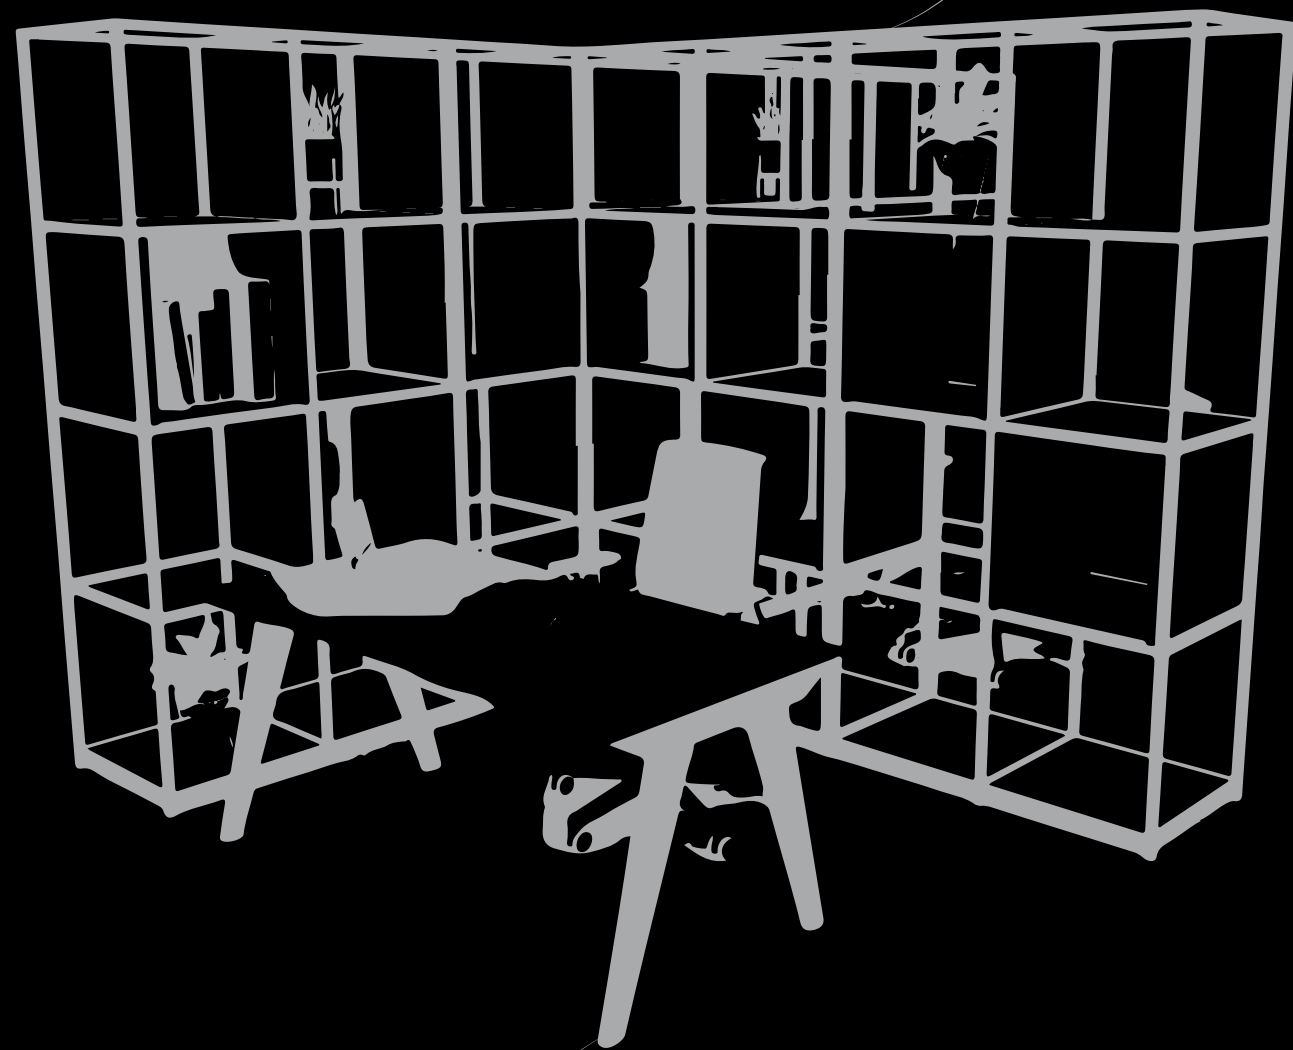

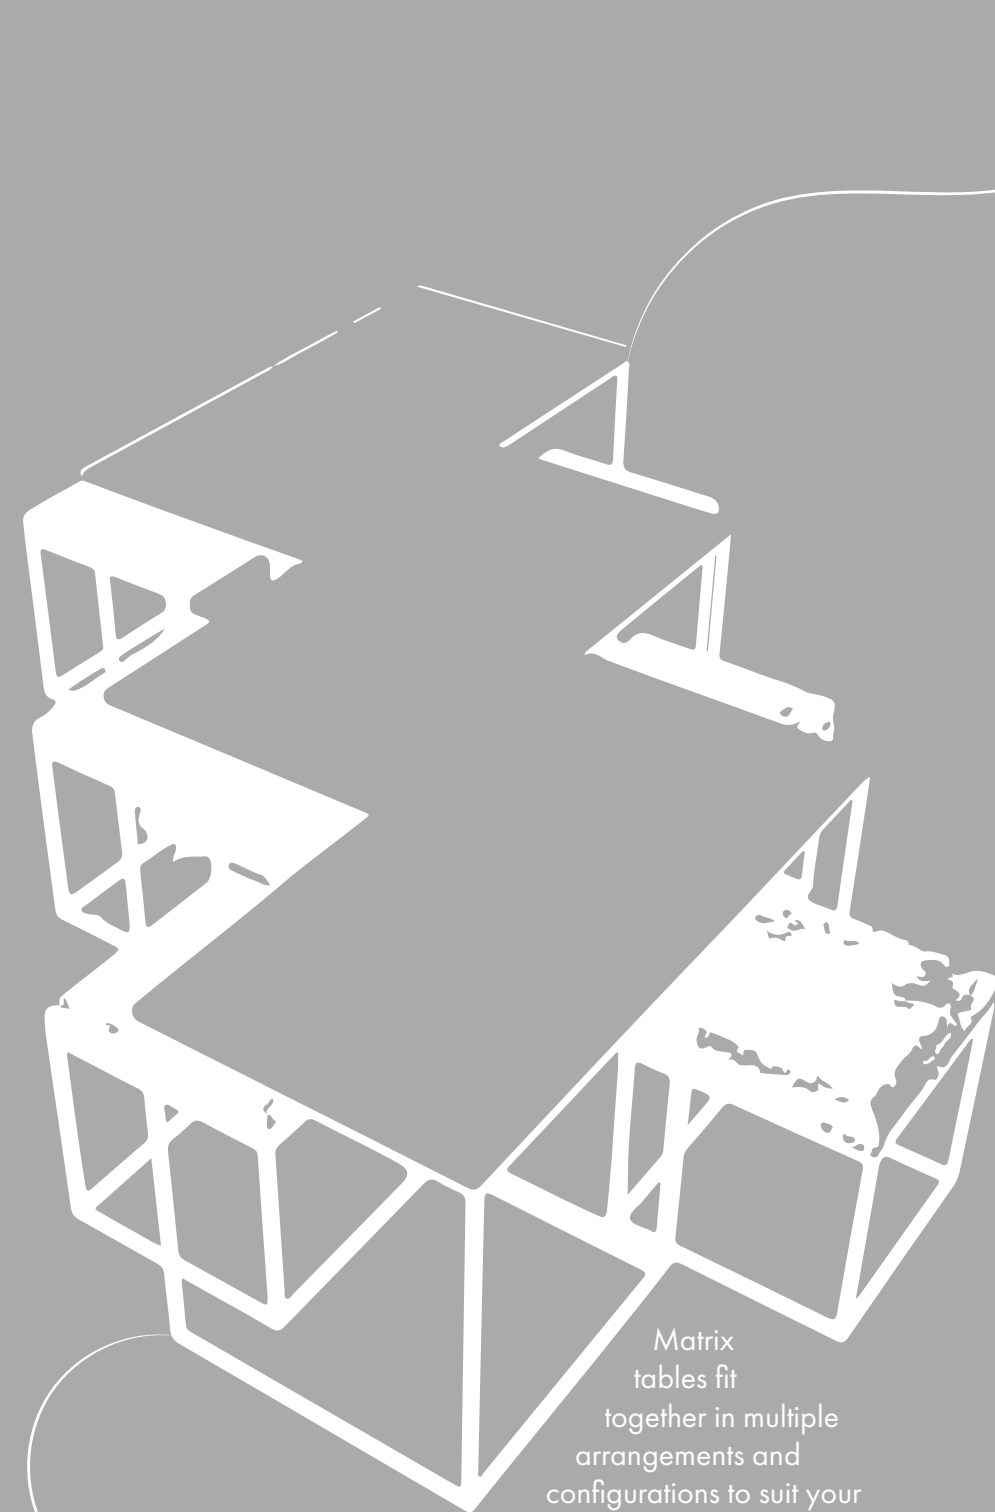

Use Matrix to create room divisions and separate areas, offering a little more privacy.

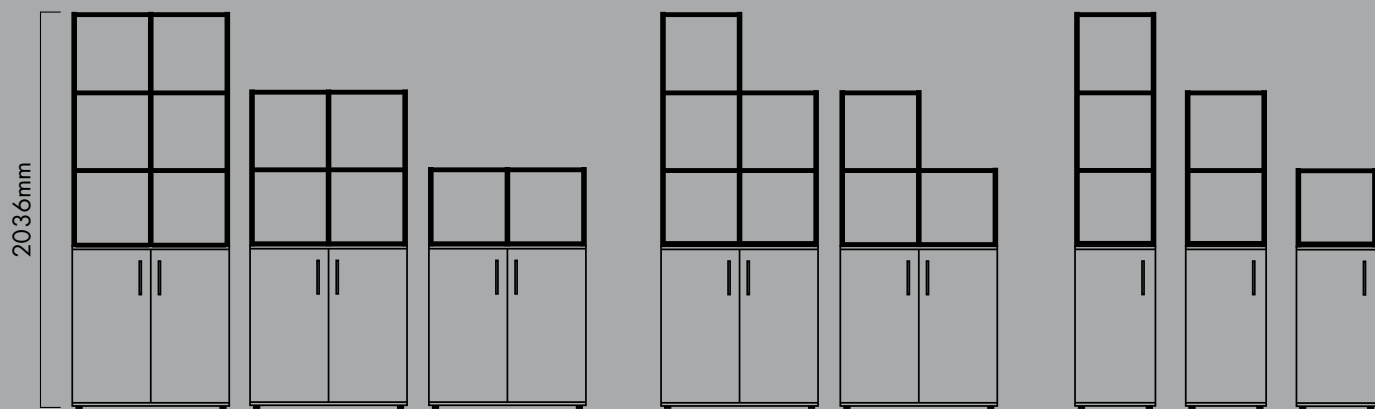

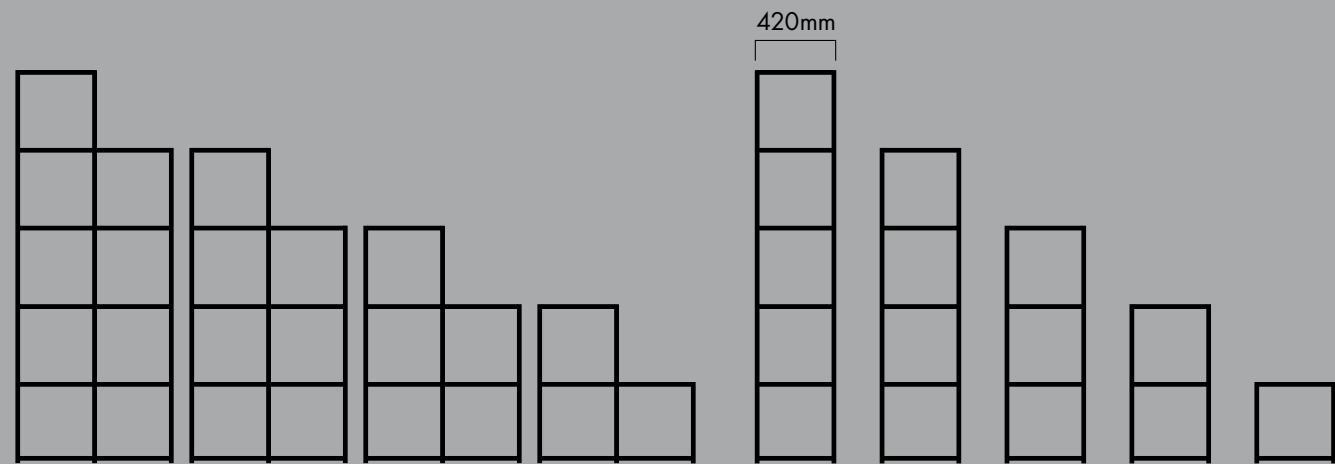

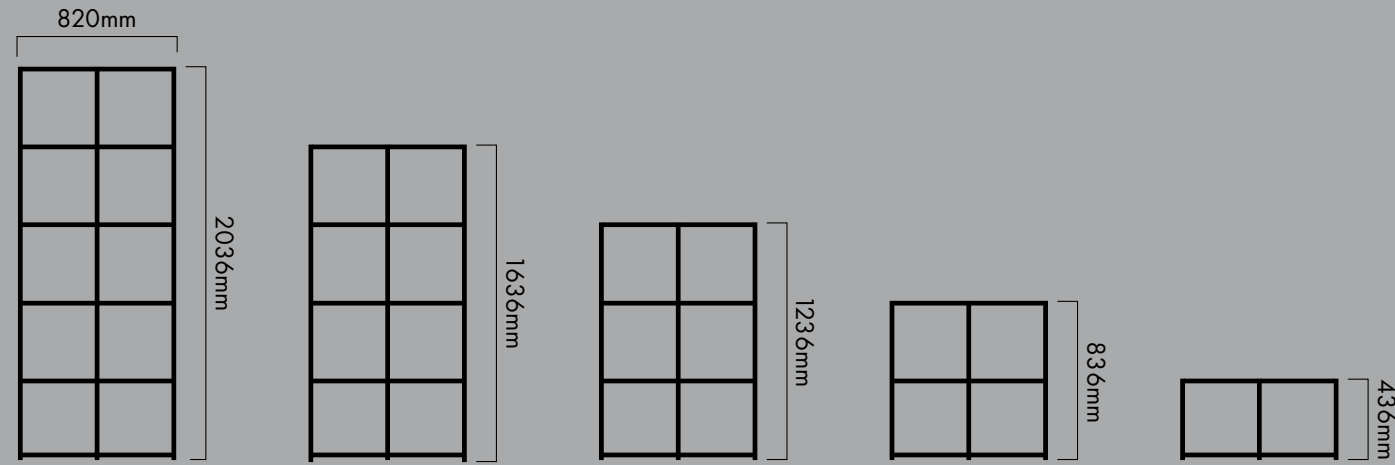

Matrix tables fit together in multiple arrangements and configurations to suit your space and purpose, whether that being individual hot desks or large meeting tables.
